DIAGONAL SUSHI

Diagonal Sushi - combined refrigeration cabinets for sushi preparation and sale.
The cabinet's design provides a workplace for sushi master
and a multi-level cooling surface for the packaged sushi sale in a self-service mode

DIAGONAL PIZZA

Diagonal Pizza – refrigeration cabinets for pizza preparing in the trading hall at the buyer's order.
Prepared pizza layout made on neutral modules in Diagonal design
with a high exposure surface made of natural marble

CUBE

Fresh products preparation on the frontal line - an effective way of buyers attraction.
Hot pancakes, pies and boursaks are laid out on the Cube cabinet with the built in roaster with inclined exposure right in the trade hall

CUBE PIZZA

Cube Pizza – refrigeration cabinets for pizza preparing in the trading hall at the buyer's order.
Prepared pizza layout made on neutral modules in Cube design
with a high exposure surface made of natural marble

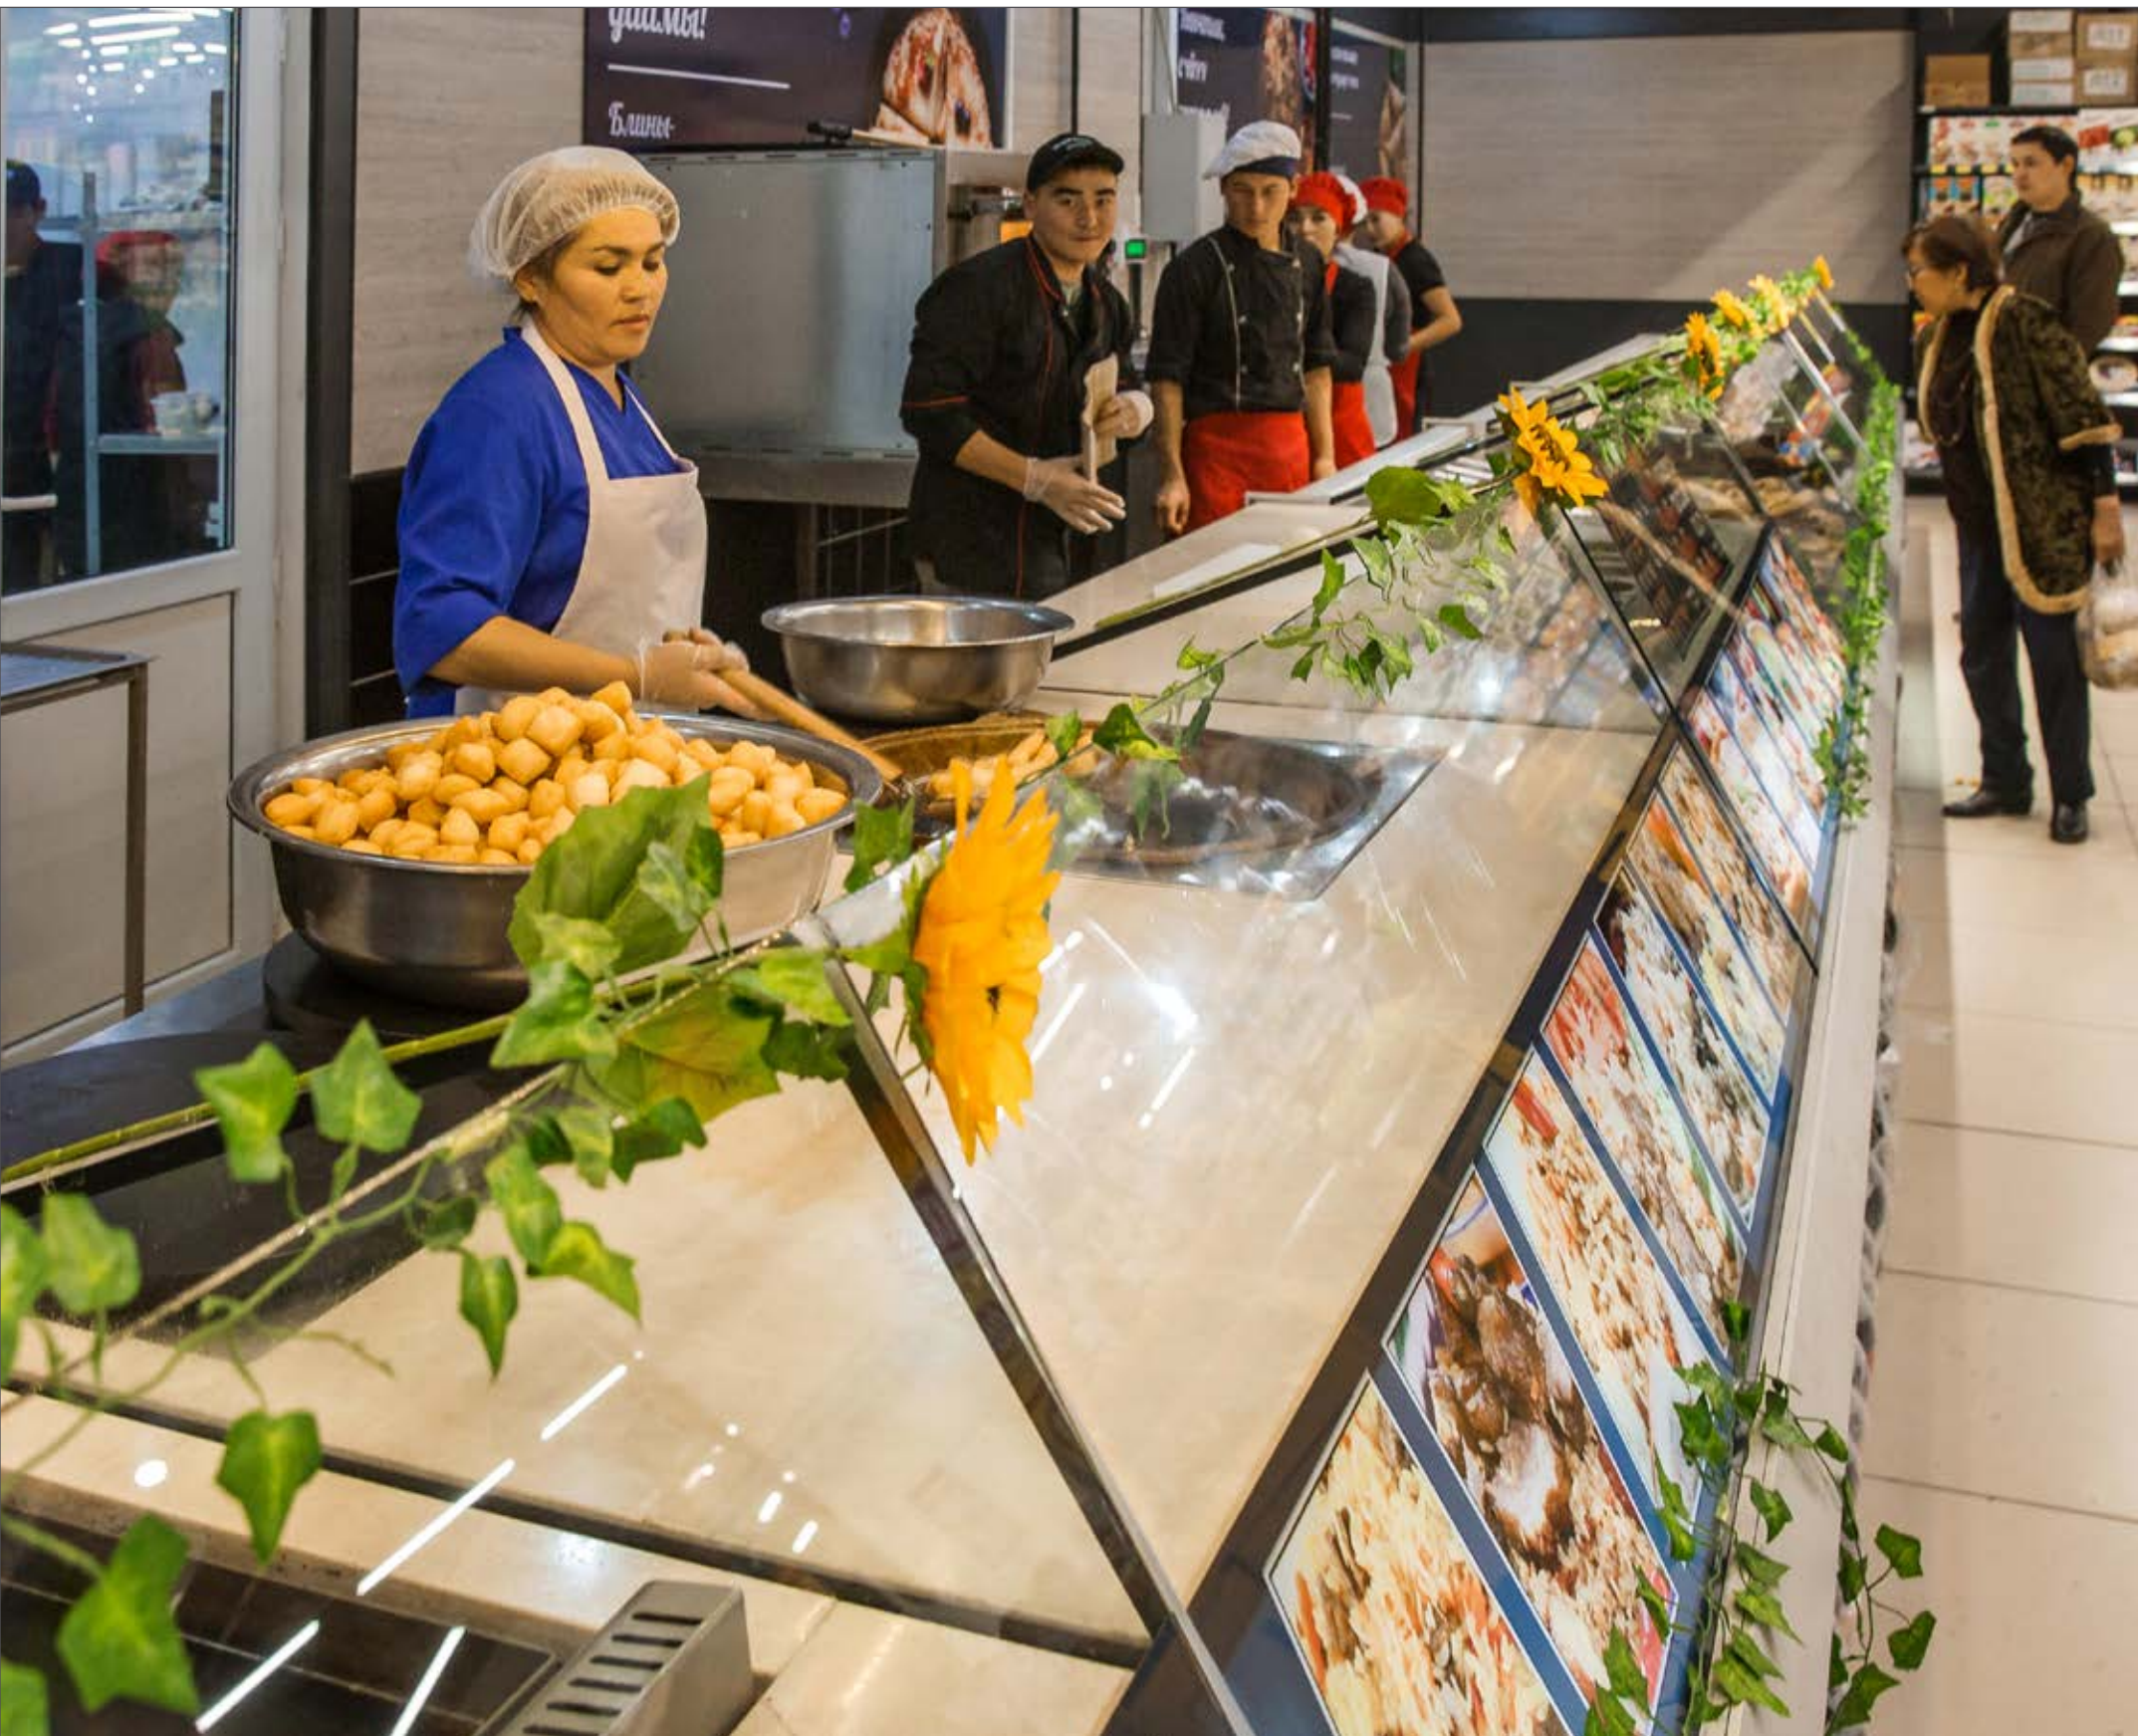

CUBE BAKERY

Asian hot tortillas with spices right from the oven laid out on the cabinet made by Aisberg Ltd. with a wide exposure surface and natural wood facing

DIAGONAL

Fresh products preparation on the frontal line - an effective way of buyers attraction. Hot pancakes, pies and boursaks are laid out on the Diagonal cabinet with the built in roaster with inclined exposure right in the trade hall

DIAGONAL SUSHI

Diagonal Sushi - combined refrigeration cabinets for sushi preparation and sale.
The cabinet's design provides a workplace for sushi master
and a multi-level cooling surface for the packaged sushi sale in a self-service mode

DIAGONAL

For technological modules where pizza is directly prepared or with a built-in grill, the working surface is horizontal, but the front glass has the same inclination angle as all Diagonal cabinets. Thus, we can create a single Diagonal design line, where a wide products variety will be sold and prepared
